

X2UHJ: From AmbiX to UHJ C-Format

The Mathematics of the SEAM-LTM UHJ Plugin

Giuseppe Silvi — SEAM

2026

Abstract

This document derives the mathematics of the `x2uhj` plugin step by step. It covers the AmbiX-to-UHJ C-format encoding, the origin of Gerzon's matrix coefficients, and the sample-rate-independent design of the quadrature all-pass network.
